## Instructions for the musicians:

### General:

In the *senza misura* parts, all note values are approximate. The time indicated for each section (e.g.  $\approx 20''$ ) is approximate.  
Pauses are generally not written. Follow the score graphically and make pauses when there are gaps.

Place mallet inside the hole of the upside down pot.  
Hit the walls of the hole in a fast tremolo while moving the mallet upwards, creating a rising glissando.

### Technician:

Two loudspeakers.

Device to trigger 3 soundfiles, start when indicated in the score:

SOUNDFILE I (CHORUS) is marked —————

SOUNDFILE II is marked -----

SOUNDFILE III (CHORUS + "FIRE") is marked ~~~~~~

Device to trigger soundfile "*Mezzo voice in mini loudspeaker*" into bluetooth loudspeaker hidden under mezzos' pot. Start when indicated in the score.

### Mezzo:

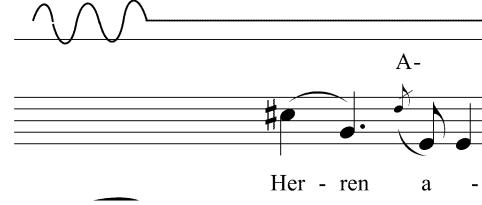

1 medium pot with mini loudspeaker underneath (triggered with bluetooth by technician)

1 hard mallet.

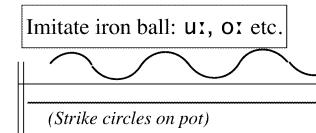

1 soft mallet.

Fast *sprechgesang* in an  
rising glissando.

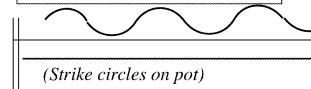

*Strike circles with mallet on top of pot*

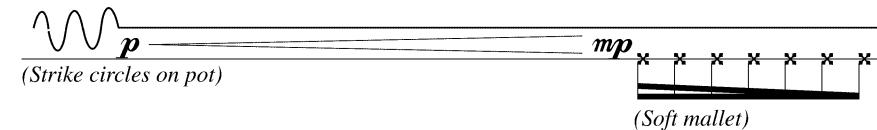

*Strike slow circles on top of pot (as loud as possible) while singing. Use the hard mallet. Continue as arrows indicate.*

*Imitate iron ball: u:, o: etc.*

*While continuing striking circles on pot, imitate percussionists' iron ball in metal bowl. Use vowels as in English "ball" and "fool".*

*While striking circles, beat the wall of the pot softly with the other (soft) mallet, tempo ad lib.*

*Whisper into pot:* Lift pot (also allowing mini loudspeaker to sound clearer) and whisper wherever is the greater resonance.

*Whisper into pot/Whisper:*

CAPITAL LETTERS = slow tempo

lowercase letters = fast tempo

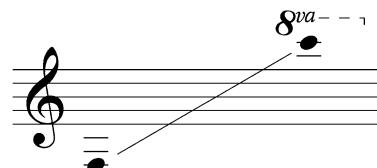

*Blow into pot:* Blow air into the hole in the bottom of the pot.

## Percussion:

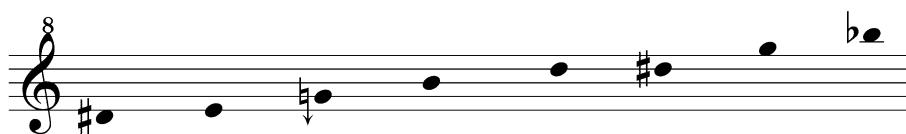

Xylophone:

(Sounding one octave higher)

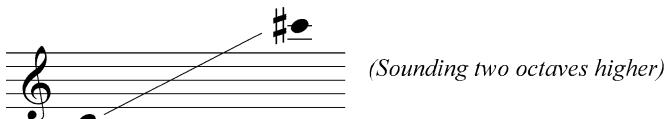

Glockenspiel

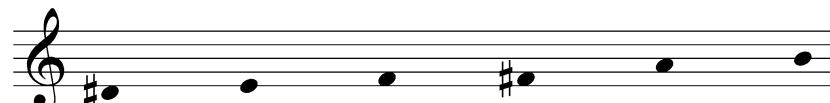

Setup of glasses (provided by the composer), played in combination with crotales:

Crotales:

Gongs:

2 maracas (high/low)

1 large size pot

1 medium size "hot pot" (with lighted candles underneath)

**LIGHT CANDLES 20 MINUTES BEFORE THE PERFORMANCE STARTS**

2 chinese iron balls

1 "metal bowl"

1 peking gong

1 cymbal

1 small maracas or "musical egg"

Hard mallets

Soft mallets

Super ball

Spraybottle with water

Jug with water

Maracas low/high

Make an illusion of a rising glissando with the two maracas.

Chines ball inside metal bowl

Move 1 chines ball in circles inside metal bowl, creating a "wa-wa"- sound. Avoid hitting the walls of the bowl too hard.

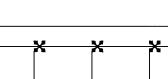

Chinese ball inside peking gong should be performed the same way.

Chines ball inside metal bowl

*p* ————— *m*  
Move ironball inside metal bowl, avoid contact with bowl walls  
(smaller and faster movements than before, almost shaking)

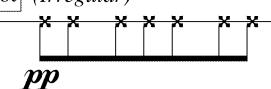

This sound should be different from above, follow instructions.

Metal  
bowl

Hit metal bowl with soft mallet, while moving ironball inside bowl, creating a glissando sound.

Maracas on pot (Irregular)

Strike small maracas on wall of the pot, very softly, irregular rhythms.

# GESÅNG

duo for mezzo soprano and percussion

*for Monica, Per and Karlheinz*

$\text{♩} \approx 116$

Jenny Hettne (2015)

Mezzo-Soprano

Musical score for Mezzo-Soprano and Xylophone. The score consists of two staves. The top staff is for the Mezzo-Soprano, starting with a rest followed by a melodic line. The bottom staff is for the Xylophone, featuring a rhythmic pattern with dynamic markings *mf* and *p*. The Xylophone part includes a box labeled "Glockenspiel". The score is in common time, with measures indicated by vertical bar lines.

Xylophone

Glockenspiel

Mezzo

Musical score for Mezzo-Soprano and Xylophone, starting at measure 5. The Mezzo-Soprano part features a vocal line with lyrics: "He - ren! \_\_\_\_\_ (n)". The Xylophone part includes dynamic markings *mp*, *mp*, and *ppp*, and labels "Xyl." and "Crotales". The score is in common time, with measures indicated by vertical bar lines.
